

Voya introduces Will Prep, through Everest Funeral Concierge

Voya Employee Benefits is proud to offer your employees another solution to help reduce the financial stress associated with life-disrupting events. We will automatically add **Will Prep through Everest** to your Funeral Planning & Concierge services on January 1st, 2021 at no additional cost to what you are already paying, in order to give employees one more way to protect their families.

With Will Prep, employees have online access to the tools they'll need to create:

- Wills
- Health Care Directives
- Power of Attorney
- Elder Care Agreements
- HIPPA Authorizations
- plus more

Will Prep is an online tool that helps employees create specialized legal documents. Based on employee responses to a series of questions, the system tailors the required clauses to create a document suitable for the employee's circumstances. The finished document is saved for easy access so changes can be made whenever the employee would like.

A Will is a valuable piece of financial planning for the future. Will Prep is just one more way Voya Employee Benefits has employees covered. Starting on 1/1/21, employees will be able to access Will Prep services by logging in or creating a new account at everestfuneral.com/voya. We will be providing additional materials in the coming months that you can distribute to your employees about this great new resource.
